STATEMENT OF VICKIE ADAMS

I talked with Vickie Adams at 2:10 pm this date, February 17, 1964.  
The following statement is what she said happened November 22, 1963.

My name is Vickie Adams, 3000 Cole, Apt. D., no phone. My job is office service representative. I reported to work that day about 8:30 am, and I worked in that capacity until noon.

But  
her office  
is on the  
fourth  
floor

A friend of mine, Alsie Farnon, who lives in Oak Cliff and works in the office, wanted to take some moving pictures of the motorcade. I opened a third floor window about the third one from the front of the building. She took pictures of the motorcade. When the President got in front of us I heard someone call him, and he turned. That is when I heard the first shot. I thought it was a fire cracker. Then the second shot I saw the Secret Service man run to the back of the President's car. After the third shot, I went out the back door. I said, "I think someone has been shot." The elevator was not running and there was no one on the stairs. I went down to the first floor. I saw Mr. Bally and another employee named Bill. The freight elevator had not moved, and I still did not see anyone on the stairs.

I ran out the back door of the depository and around to the front. I started down toward the railroad tracks when an officer stopped me and turned me back. I asked the officer if the President was shot, and he said he did not know. As I turned back I saw another employee Moene standing by the front of the building facing Elm Street. I stopped and talked with Avery Davis another employee. I saw two men in street clothes, one was pasturing

with his hands and asking questions. I asked Mr. Davis who he was. I ←  
later saw Jack Ruby on TV and thought it was the same man. No one had  
surrounded the building at that time. I went back into the building and to  
the passenger elevator, but the power was off. — I went to the back to the  
freight elevator. There was two plainclothes men on it. However, the  
power on it also was turned off. I walked up the stairs to the fourth  
floor to my office. We were later told to leave.

This concludes Miss Adams' statement to me.

'Captain Fenty's Report'

71

December 23, 1963

Mr. J. E. Curry  
Chief of Police

Sir:

As requested I am reporting a list of the more important pieces of evidence in the Lee Harvey Oswald case charged with shooting President John F. Kennedy on November 22, 1963 at about 12:35 pm near the underpass.

1. From a search of the Texas School Book Depository building on the 6th floor a 6.5 caliber Carcano carbine rifle # C 2766, mounted with a 0-10 Japanese scope. This rifle was found partially hidden under some boxes near the back stairway.

2. Near a front window at the southeast corner of the building on the same floor were three spent cartridge cases, 6.5 in caliber. These were protected for pictures and prints, and after this was done it was found that the rifle contained one loaded cartridge in the chamber.

3. Lt. Tav of the Crime Lab was able to get a palm print from one of the boxes under this window which proved to be Lee Harvey Oswald's print. A thumb print was also found at this same location.

4. The Crime Lab was able to get a palm print from the underside of the gun barrel near the end of the foregrip, and a partial print was lifted from the trigger housing of the rifle.

5. One large piece of brown wrapping paper fitting the description of one used by Oswald in bringing a large package to work on the morning of the murder. We later found that Ruell Wesley Frazier, 2439 W. 5th Street, Irving, Texas had given Oswald a ride to work on the morning of the killing, and both he and his sister, Linnie Mae Ponder, saw Oswald put a long package wrapped in a heavy brown paper in the back seat of the car. After arriving at work, Wesley Frazier saw Oswald take this package and take it with him into the building. This paper was shaped like a crude bag, large enough to carry this rifle. This was also found on the 6th floor.

6. While we were still searching the building, Mr. Roy A. Truly, 1932 Wade Drive, reported to us that one of his men was missing, a Lee Harvey Oswald, whose address was 2515 W. 5th Street, Irving, Texas. We also found that this man had been stopped by Officer V. L. Baker while coming down the stairs. Mr. Baker says that he stopped this man on the third or fourth floor on the stairway, but as Mr. Truly identified him as one of the employees, he was released. After seeing that this man was apparently running, two of the detectives and myself left the building and came to the office for an identification check and other information, and soon found that he was the same man who had shot Officer Tippit.

7. A bullet taken from the stretcher used to carry the Governor into the hospital and fragments of a bullet taken from Governor Connally's body were turned over to the F. B. I. who made an examination and, as shown in our report from there, these were fired from this same rifle.

8. One sport shirt that Oswald was wearing at the time of his arrest was sent to the F. B. I. Crime Lab along with a blanket that Mrs. Lee Oswald said the gun had been wrapped in while being kept in the garage at the home of Mrs. Ruth Paine in Irving. The F. B. I. examination shows that parts of each of these materials could have been the ones that they recovered from the gun.

9. Mrs. Harvey Lee Oswald identified the rifle as resembling the one she had seen in the garage in Irving.

10. During the search of the garage at Mrs. Paine's home in Irving where Oswald had stored some of his possessions, officers recovered two pictures of Lee Harvey Oswald posing with a gun that looked identical to the gun found and wearing a pistol resembling the pistol used to kill Officer Tippit. We were able to find by checking Oswald's former addresses where this picture was made in a back yard at 214 E. Wesley.

December 23, 1963

Page 3

11. In the same garage officers found two advertisements clipped from some magazine showing this same type gun offered for sale by Kleins of Chicago.

12. In Oswald's purse was found an identification card and a registration card bearing the name of Alex Hidell.

13. Postal Inspectors gave us information that at one time a box had been rented in the name of Alex Hidell. The handwriting on this application was identified as that of Oswald. It was ascertained that the gun was shipped by Kleins of Chicago to this box. Postal Inspectors were also able to find the money order itself used to pay for the gun. This information is not complete in our files, as we are waiting for some information from one of the Postal Inspectors who is ill at this time.

14. In Oswald's billfold was identification identifying him as a member of the Fair Play for Cuba organization. He told us that he was at one time secretary of the New Orleans branch and that the headquarters of this organization was in New York.

15. We found letters showing that Oswald had been corresponding with Arnold Johnson and V. T. Lee. Photostats of these are attached.

16. Oswald had in his possession a notebook containing the names of Russian friends, telephone number and part of General Walker's name, F. B. I. Agent William Hosty's name and license number of his car. This is the agent who had been checking Oswald and his wife.

17. A bus transfer was found in Oswald's pocket and identified by the bus driver who carried Oswald a short distance after the killing.

18. Oswald was positively identified by a cab driver, William Whaley, as the man he picked up near the Grayhound bus station, which is where Oswald left the bus, and took him to the 500 block N. Beckley near where Oswald had a room.

J. W. Frits

Page 4

19. In searching Oswald's room at 1026 M. Peckley a map of the City of Dallas was found with markings on it, one of which looked to be the scene of the shooting. There was also what looked to be communistic literature.

20. Oswald was carrying, at the time of his arrest in the Texas Theater, a Smith and Wesson .38 caliber revolver, serial # 510210. This is the same caliber gun Officer Tippit was shot with when he stopped Oswald.

21. Two empty .38 cartridge cases were found by Barbara Jeanette Davis and Virginia Davis in front of their home, 400 E. Tenth Street, where they had seen Oswald throw them as he was reloading his gun. Four bullets were recovered from Officer Tippit's body and were of the same caliber as the gun Oswald was arrested with.

22. Helen Markham, 320 E. Ninth Street, saw Oswald shoot Officer Tippit and positively identified him in a lineup. Officer Tippit was shot at 1:18 pm on November 22, 1963 in front of 400 E. Tenth Street. Several other witnesses identified him as the man seen running from the scene and toward the theater.

■ W. W. Scoggins of 3138 Alaska saw Oswald shoot Officer Tippit and identified him in a lineup.

23. We have from forty to fifty affidavits to substantiate all of this evidence.

The complaint was filed on Lee Harvey Oswald for the Tippit murder at 7:05 pm on November 22, 1963. After reviewing the evidence with District Attorney Henry Wade and his assistant, Bill Alexander, and Jim Allen, former prosecutor, I filed a complaint on Oswald for the killing of President John F. Kennedy at 11:26 pm, November 22, 1963.

As you know, this is a hurried list of the evidence and not by any means a complete report. All of this evidence was released almost immediately to the F. B. I. and, of course, has not been available to us for study. We are, however, studying photographs and checking all information that we are able to obtain on these two

INTERVIEW WITH MISS DORIS BURNS

Miss Burns has worked for the Macmillan Company for about nine years. Her office is in the center of the Texas School Book Depository Building on the third floor. Miss Burns had the radio on and heard the motorcade was close to her location. She walked to Mr. Wilson's office on the third floor facing Elm Street. One one said they were coming from the railroad tracks, I said no they are coming from the top of the building."

Meritorious Conduct Board

Sir:

At 12:31 P.M., November 22, 1963 the President Of The United States, John F. Kennedy, and Governor John Connally were shot by rifle fire on Elm Street, west of Houston Street. The President expired at Parkland Hospital at 1:00 P.M. Governor Connally was critically wounded.

At 1:18 P.M. a call came over the Police Radio, "Hello, hello, an officer has been shot at 400 East Tenth, and I think he is dead."

The officer was J. D. Tippit #848 who was taken to Methodist Hospital by Dudley-Hughes Ambulance and pronounced DCA at 1:25 P.M. He was shot in the right temple, right chest, and the center of his stomach approximately three inches above his waist line.

The murderer of Officer Tippit was arrested a short time later in the Texas Theater, 231 West Jefferson. He was subsequently proven to be the same man that assassinated the President and wounded Governor Connally.

Officer Tippit was assigned on District 78 but was pulled in closer into the area of the assassination to cover. The murder occurred on District 92.

From the account of a witness, Officer Tippit stopped the suspect for interrogation, probably from a meager physical description. His clothing had been changed. They spoke briefly through the right front window of the squad car. The suspect was walking. The officer got out of his car and started around its front to the suspect when the murderer started shooting. The officer fell by the left front fender of his car.

I recommend that a Police Cross be awarded to Officer J. D. Tippit who lost his life in the performance of his duty.

Respectfully submitted,

Subject: Injury to William Glaten Hunt  
while under arrest and injury sustained  
by Officer J. D. Tippit.

Sir:

The following report is submitted for your information.

While assigned to District 101 we received an attempt suicide call at 111 N. Bishop. On our arrival it was found that this was a disturbance involving arrested party. Sgt. W. G. Jennings was present at this call.

The arrested party was handcuffed and brought to the City Jail for Disturbing the Peace. On our arrival in the jail upstairs the handcuffs were removed as the prisoner was quiet. While writing up the arrest sheets the prisoner struck Officer J. D. Tippit in the right eye with his fist. The prisoner was subdued and received minor scratches about his face. Arrested party was treated in the jail by Police Emergency Doctor and released to be placed in jail, charged with Disturbing the Peace and Investigation of Aggravated Assault on Police Officer.

Officer Tippit was treated at Parkland Hospital for a small laceration above right eye and released for duty.

Witnesses to this incident were Officer S. O. Littlejohn and H. L. McGee.

TEST: Rorschach

This man appears to be wholly devoid of any imaginative facilities. His percepts are predominantly the most common. His range of interest and achievements is quite limited, seen in his very narrow associational content. He takes little note of rare and unusual stimuli in his environment. His mental functioning is highly stereotyped. In conformity, he is within the limits of the average in that his thinking corresponds with that of the community at large. However, he proceeds occasionally with alogical reactions.

His grip on reality is below the average. Errors of judgment may be expected.

On two occasions he resorted to edging while handling the cards. This is a very unhealthy sign.

Only a single overt expression of feeling is revealed. This, however, is at the stable level and gives a slight indication of warm social contact.

Subject: Nomination of Officer J. D. Tippit  
for Superior Award.

Sir:

Officer J. D. Tippit has been with the department since July 28, 1952. He has worked in the Radio Patrol Division since his graduation from police recruit school.

Patrolman Tippit has a broad knowledge of police work and it is his desire to perform his duty in a manner to bring credit to the department and himself. His knowledge of police work and his steady influence on younger partners has been used to a good advantage in breaking in newer officers.

Officer Tippit is well liked by his associates and gets along good with all the men who have worked with him. All the officers who know Officer Tippit have a high regard for him and respect his judgement.

Officer Tippit is a devoted family man and very fond of his two children. He spends most of his off duty time with his family and they usually plan their activities and trips where they can attend together. Officer Tippit attends church with his family when his off duty hours permit.

The initiative of Officer Tippit is best expressed by his work record and his desire to do extra police work to help better himself in his neighborhood surroundings. The desire of this man to better himself in his chosen profession and to be a well liked and respected family man is evident to his associates.

Officer Tippit is keen in his observation of all unusual incidents on his district and he makes every effort to become as familiar with his district as possible.

Officer Tippit was not able to work the last two months of 1956 because of an injury sustained while on duty. He made 911 total arrests during the ten months he was able to work. He made 348 jail arrests, issued 524 moving traffic violations and issued 38 parking tickets. This excellent work record was accomplished on district 104, which is primarily a residential section of town.

Officer Tippit was outstanding with his judgement and quick thinking during 1956.

On April 28, 1956 at approximately 8:30 P. M. Officer Tippit and his partner received a radio call to meet complainant regarding a demented person. Upon

their arrival, Tippit was told by complainant that her husband was inside the house armed with an ice pick and had run her out of the house, threatening to kill her and himself.

The complainant stated she thought her husband was crazy and wished the officers to disarm him and see that he got medical attention. This request brought an immediate response from Officer Tippit and his partner and, as they entered the house, the demented person stabbed both officers with an ice pick. Officer Tippit was stabbed in the stomach and the knee. The demented person was subdued by force and was not injured at all. Officer Tippit and his partner faced a great danger in an outstanding performance of police duty. Their only thought was to subdue the demented person without injuring him.

On September 2, 1956 at approximately 12:30 A. M. Officer Tippit and his partner checked out for routine investigation at 441 West Commerce. They observed a white male inside this place, who appeared to be intoxicated and asked him to accompany them outside. This person was sitting at a booth and as he got up, he drew a gun from his belt and told the officers to "stick 'em up." He had the gun pointed at Officer Tippit's face and as Tippit and his partner backed up a little the suspect pulled the trigger in an attempt to shoot Officer Tippit. The gun was an automatic and evidently one of the safety locks was still in position because the gun didn't fire. Officer Tippit and his partner drew their service revolvers and fired at the man until he fell. Officer Tippit advised his partner to call for an ambulance and tell the dispatcher what had happened. Officer Tippit immediately locked the business to hold the witnesses.

This person was dead on arrival at the hospital and was later identified as Leonard Garland, who was wanted by the Federal Bureau of Investigation for an offense he committed in another state.

Officer Tippit did not have an accident in 1956. Tippit is a careful and courteous driver and sets a good example with his driving.

Officer Tippit has not had disciplinary action taken against him since entering the department.

The excellent judgement and quick thinking of Officer Tippit has been consistent throughout the year of 1956. The action and performance of duty by Officer Tippit during 1956 deserves recognition.

Respectfully submitted,

SUBJECT: Injury to Cande Martinez Arrendondo  
while effecting arrest

Sir:

At approximately 6:43 P. M., April 23, 1959, while working District 94, we received a Disturbance Call at the Cockrell Hill Police Station.

Upon our arrival at this location, we met Mrs. Chonita Arrendondo. She stated that her husband, Cande Martinez Arrendondo, w/m/30, had just been released from jail and had been whipping her. We went with her to the home at 4463 Moler. We found upset furniture and broken dishes in the house. We took her back to the car. Mr. Arrendondo followed us to the car and attempted to attack Mrs. Arrendondo. He also struck Officer Wagner in the face. A restraining hold subdued Arrendondo. During the struggle to subdue Arrendondo, he received a broken upper right tooth. He had recently had dental work done on this tooth.

Mr. Arrendondo was treated at Parkland Hospital and then placed in jail charged with being Drunk and Disorderly Aggravated.

Sir:

At 12:21 P.M., November 22, 1963 the President Of The United States, John F. Kennedy, and Governor John Connally were shot by rifle fire on Elm Street, west of Houston Street. The President expired at Parkland Hospital at 1:00 P.M. Governor Connally was critically wounded.

At 1:18 P.M. a call came over the Police Radio, "Hello, hello, an officer has been shot at 400 East Tenth, and I think he is dead."

The officer was J. D. Tippit #848 who was taken to Methodist Hospital by Dudley-Hughes Ambulance and pronounced DCA at 1:25 P.M. He was shot in the right temple, right chest, and the center of his stomach approximately three inches above his waist line.

The murderer of Officer Tippit was arrested a short time later in the Texas Theater, 231 West Jefferson. He was subsequently proven to be the same man that assassinated the President and wounded Governor Connally.

Officer Tippit was assigned on District 78 but was pulled in closer into the area of the assassination to cover. The murder occurred on District 92.

From the account of a witness, Officer Tippit stopped the suspect for interrogation, probably from a meager physical description. His clothing had been changed. They spoke briefly through the right front window of the squad car. The suspect was walking. The officer got out of his car and started around its front to the suspect when the murderer started shooting. The officer fell by the left front fender of his car.

I recommend that a Police Cross be awarded to Officer J. D. Tippit who lost his life in the performance of his duty.

Subject: Injury to William Slaten Hunt  
while under arrest and injury sustained  
by Officer J. D. Tippit.

Sir:

The following report is submitted for your information.

While assigned to District 101 we received an attempt suicide call at 111 N. Bishop. On our arrival it was found that this was a disturbance involving arrested party. Sgt. W. G. Jennings was present at this call.

The arrested party was handcuffed and brought to the City Jail for Disturbing the Peace. On our arrival in the jail upstairs the handcuffs were removed as the prisoner was quiet. While writing up the arrest sheets the prisoner struck Officer J. D. Tippit in the right eye with his fist. The prisoner was subdued and received minor scratches about his face. Arrested party was treated in the jail by Police Emergency Doctor and released to be placed in jail, charged with Disturbing the Peace and Investigation of Aggravated Assault on Police Officer.

Officer Tippit was treated at Parkland Hospital for a small laceration above right eye and released for duty.

Witnesses to this incident were Officer S. O. Littlejohn and H. L. McGee.

TEST: Rorschach  
EXAMINER: H. M. Chapman

This man appears to be wholly devoid of any imaginative facilities. His percepts are predominantly the most common. His range of interest and achievements is quite limited, seen in his very narrow associational content. He takes little note of rare and unusual stimuli in his environment. His mental functioning is highly stereotyped. In conformity, he is within the limits of the average in that his thinking corresponds with that of the community at large. However, he proceeds occasionally with alogical reactions.

His grip on reality is below the average. Errors of judgment may be expected.

On two occasions he resorted to edging while handling the cards. This is a very unhealthy sign.

Only a single overt expression of feeling is revealed. This, however, is at the stable level and gives a slight indication of warm social contact.

Subject: Nomination of Officer J. D. Tippit  
for Superior Award.

Sir:

Officer J. D. Tippit has been with the department since July 28, 1952. He has worked in the Radio Patrol Division since his graduation from police recruit school.

Patrolman Tippit has a broad knowledge of police work and it is his desire to perform his duty in a manner to bring credit to the department and himself. His knowledge of police work and his steady influence on younger partners has been used to a good advantage in breaking in newer officers.

Officer Tippit is well liked by his associates and gets along good with all the men who have worked with him. All the officers who know Officer Tippit have a high regard for him and respect his judgement.

Officer Tippit is a devoted family man and very fond of his two children. He spends most of his off duty time with his family and they usually plan their activities and trips where they can attend together. Officer Tippit attends church with his family when his off duty hours permit.

The initiative of Officer Tippit is best expressed by his work record and his desire to do extra police work to help better himself in his neighborhood surroundings. The desire of this man to better himself in his chosen profession and to be a well liked and respected family man is evident to his associates.

Officer Tippit is keen in his observation of all unusual incidents on his district and he makes every effort to become as familiar with his district as possible.

Officer Tippit was not able to work the last two months of 1956 because of an injury sustained while on duty. He made 911 total arrests during the ten months he was able to work. He made 348 jail arrests, issued 524 moving traffic violations and issued 38 parking tickets. This excellent work record was accomplished on district 104, which is primarily a residential section of town.

Officer Tippit was outstanding with his judgement and quick thinking during 1956.

On April 28, 1956 at approximately 8:30 P. M. Officer Tippit and his partner received a radio call to meet complainant regarding a demented person. Upon

their arrival, Tippit was told by complainant that her husband was inside the house armed with an ice pick and had run her out of the house, threatening to kill her and himself.

The complainant stated she thought her husband was crazy and wished the officers to disarm him and see that he got medical attention. This request brought an immediate response from Officer Tippit and his partner and, as they entered the house, the demented person stabbed both officers with an ice pick. Officer Tippit was stabbed in the stomach and the knee. The demented person was subdued by force and was not injured at all. Officer Tippit and his partner faced a great danger in an outstanding performance of police duty. Their only thought was to subdue the demented person without injuring him.

On September 2, 1956 at approximately 12:30 A. M. Officer Tippit and his partner checked out for routine investigation at 441 West Commerce. They observed a white male inside this place, who appeared to be intoxicated and asked him to accompany them outside. This person was sitting at a booth and as he got up, he drew a gun from his belt and told the officers to "stick 'em up." He had the gun pointed at Officer Tippit's face and as Tippit and his partner backed up a little the suspect pulled the trigger in an attempt to shoot Officer Tippit. The gun was an automatic and evidently one of the safety locks was still in position because the gun didn't fire. Officer Tippit and his partner drew their service revolvers and fired at the man until he fell. Officer Tippit advised his partner to call for an ambulance and tell the dispatcher what had happened. Officer Tippit immediately locked the business to hold the witnesses.

This person was dead on arrival at the hospital and was later identified as Leonard Garland, who was wanted by the Federal Bureau of Investigation for an offense he committed in another state.

Officer Tippit did not have an accident in 1956. Tippit is a careful and courteous driver and sets a good example with his driving.

Officer Tippit has not had disciplinary action taken against him since entering the department.

The excellent judgement and quick thinking of Officer Tippit has been constant throughout the year of 1956. The action and performance of duty by Officer Tippit during 1956 deserves recognition.

Respectfully submitted,

WFD/fg

SUBJECT: Injury to Cande Martinez Arrendondo  
while effecting arrest

Sir:

At approximately 6:43 P. M., April 23, 1959, while working District 94, we received a Disturbance Call at the Cockrell Hill Police Station.

Upon our arrival at this location, we met Mrs. Chonite Arrendondo. She stated that her husband, Cande Martinez Arrendondo, w/m/30, had just been released from jail and had been whipping her. We went with her to the home at 4463 Moler. We found upset furniture and broken dishes in the house. We took her back to the car. Mr. Arrendondo followed us to the car and attempted to attack Mrs. Arrendondo. He also struck Officer Wagner in the face. A restraining hold subdued Arrendondo. During the struggle to subdue Arrendondo, he received a broken upper right tooth. He had recently had dental work done on this tooth.

Mr. Arrendondo was treated at Parkland Hospital and then placed in jail charged with being Drunk and Disorderly Aggravated.

I have been in the Service Division seven and one-half years. I have worked the fifth floor jail most of this time. I was on duty the 22nd and 23rd day of November, 1963, working 2:30 p.m. till 10:30 p.m. The 23rd day of November, 1963, at 3:00 p.m., I was assigned to guard the area in front of Lee Harvey Oswald's cell, watching all of his movements to see that he didn't hurt himself. About 4:00 p.m. Lt. Lord called on the jail phone and instructed me to put Oswald on the phone. Oswald asked the operator for two telephone numbers - then asked me for a pencil and paper while in the telephone booth. I tore a small piece of plain paper, about two by three inches from the telephone record sheet that hung outside the telephone booth; then handed this piece of paper and my pencil to him. Oswald wrote a number on this paper and returned my pencil. Then he asked if he could call later. Oswald did not get his call through at this time. I called Lt. Lord and informed him Oswald didn't get his party and wanted to call again later. About 8:00 p.m. Lt. Lord came up to the jail and told me to let Oswald use the phone. I was instructed to step back away from the phone booth so the phone call could be private. From this location I watched the prisoner talking to someone. He used the phone about thirty minutes. I asked Oswald if he got his call through and he answered, yes. I then returned him to his cell.

About four months ago on a Monday, I received a call from an F.B.I. agent who wanted to know about a slip of paper with a phone number on it. This was supposed to be in Oswald's pocket when he died. The agent asked if we allowed prisoners to keep phone numbers on their person. I said that if a call wasn't completed the first time, we could let them write the number down and keep it for a later call. The agent asked me the size of the paper I might have given Oswald to write on. I told him it probably was one torn off of a telephone record sheet hanging outside the telephone booth; that the paper was plain, unmarked, about two by

Hall of Homicide and Robbery Bureau called me and stated that Lee Harvey Oswald had requested permission to use the telephone and told me it would be o.k. I called J. L. Popplewell who was on duty on the fifth floor and told him to put Oswald on the phone. Popplewell called back within twenty or thirty minutes and said that Oswald had not been able to complete his call. He said Oswald told him that his party would not be in until later in the evening. I relayed this information to Detective Hall, who asked that Oswald be allowed to use the phone again at that time. I went to the fifth floor about 8:00 o'clock and told Popplewell to let Oswald use the phone again if he wanted to use it. Popplewell put Oswald in the telephone booth and was standing near by. I called to Popplewell and told him that Oswald was entitled to make his call privately. Popplewell was advised to keep Oswald in view but to stay back a reasonable distance. Oswald was in the telephone booth about thirty minutes, making his call and then talking to his party. After Oswald completed his call he was returned to his cell by J. L. Popplewell.

My name is Arthur E. Eaves. I have been a member of the Dallas Police Department for 18 1/2 years. I am assigned as Assistant Jailer. I was working in this capacity on November 23, 1963. Between the hours of 1:30 p.m. and 2:00 p.m., on November 23, 1963, I placed Lee Harvey Oswald on the telephone with the assistance of Patrolman B. T. Beddingfield, to make a long distance call to New York City, collect. The Homicide office had advised that it was all right for him to make any call he wished to make. I notified the City Hall operator that a prisoner wanted to call New York City, collect. I heard Oswald talking to someone after the call was placed. I have looked at a copy of the jail card used to record prisoner's phone calls. It shows that I placed Oswald on the telephone, at 1:40 p.m., and the signature as shown on the card is my signature.

INTERVIEW WITH WES WISE KRLD-TV NEWSMAN

I interviewed Wes Wise at 7:30 p.m. on November 29, 1963, at 1107 Camp, the KRLD-TV Newsroom.

Wes Wise said that about 3:00 p.m. Saturday, November 23, 1963, he was trying to retrace Lee Oswald's steps of the day before, as far as they could. He had parked his mobile unit on Houston Street across from the Texas Depository Book Building. His unit was parked headed diagonally in a southeasterly direction. Wise stated that he returned to his unit and as he was using his radio to communicate with his office, he saw someone walking to the unit from the direction of the railroad tracks which were located north of him.

Mr. Wise stated he rolled the window up as the figure neared his unit but the person remained outside until he completed his message. Wise said he then rolled the window down and the man stuck his hand in the window and said "I'm Jack Ruby". Wise then recognized him. Jack Ruby then said "All this was a shame and particularly for the President's children". Wise said he then told Ruby about going out to the Trade Mart and taking pictures of the box of saddles that had been a present to be given to the President for his children. He said that upon hearing this, Ruby's eyes misted over. He did not start crying, however.

Mr. Wise said that on Friday night, November 23, 1963, about 11:00 p.m. or later he heard a broadcast over KLIF that gave what the announcer thought was some exclusive lead or material. It concerned Mr. Henry Wade, the District Attorney, and gave Jack Ruby the credit for the lead.

Mr. Wise asked Ruby about this Saturday afternoon and Ruby said "yes, he had given that to them and would have done the same thing for him if he had been there". Wes thought the announcer's name might have been Russ Knight. He was not sure about this and does not know a "Russ Knight".

Mr. Wise also said that the only time he was in the City Hall was from 1 1/2 to 2 hours or more before the shooting, when he drove through the basement of the City Hall and let some cameraman off. He did not see any officers at the Main Street entrance at this time. He did not see Jack Ruby at all and there were very few people in the basement.

Mr. Wise promised to let me know if he remembered anything further.

Re: Jack Ruby

Sir:

On Friday night, November 22, 1963 at around 11:50 pm, I was going off duty in the Burglary and Theft Bureau. I left the third floor and went to the basement of the Police Building with Lt. George Butler who was going to drive me to where my car was parked. He told me that he wanted to listen to a press conference in the Police Assembly Room which was being held for the purpose of the press interviewing District Attorney Henry Wade and giving them an opportunity to photograph Lee Harvey Oswald, suspected assassin of President Kennedy and Officer J. R. Tippitt.

As we entered the police assembly room, it was entirely filled from back to front with press people and police officers and officials. I estimate that there were about 300 people in this room, many of them standing on the desks and chairs. Deputy Chief Charles Batchelor was at the front of the room near Mr. Wade. He saw me at the door of the room and motioned for me to come over to him. He then instructed me to stand in a line of officers at the front of the room to keep the press or anyone from rushing Oswald when he was brought into this room. I was standing at the right end of the line, next to Captain Glenn King who was on my left. This was immediately prior to Oswald being brought into this room. I did observe Jack Ruby at this time, standing on a desk next to the east wall and about 25 feet from the front of the room. He had a notebook and pen in his hand as if to take notes. At this time someone near the door shouted to him about what he was doing in this room. He shouted back that he had "brought the sandwiches." He then shouted "I'm interpreting for a Jewish newspaper." At this time, Oswald was brought into the room and Ruby was forgotten.

After Oswald was taken from this room, Mr. Wade conducted his interview. He had trouble being heard due to the noise and clamor in this room, so I turned on the loud speaker system for him. Being unable to leave Mr. Wade's platform, I remained at his right side until he finished his interview. I then left the building with Lt. Butler. I have known Jack Ruby since about 1951 and did not know that he had a police record.

Mr. Elgin E. Cruik  
City Manager  
City of Dallas

Sir:

On Friday, November 22, 1963, I was driving the lead car of the Presidential Motorcade. In the car with me were Secret Service Agents Forrest Sorrells and Lyn Lawson, and Sheriff Bill Decker. We had led the motorcade from Love Field on the prescribed route. We turned right on Main Street from Harwood Street. We continued on Main Street west to Houston, where we turned right to proceed to Elm Street. We made the left turn (west) and were proceeding at a speed of approximately 8 to 10 miles per hour. The time was about 12:30 p.m. We proceeded toward the Triple Underpass which is about one block from Houston Street. As I recall, we were about half-way between Houston and the triple underpass when I heard a sharp crack. Someone said, "Is that a firecracker?" After this remark, I remember hearing two other sharp reports. All of these reports were fired fairly close together. There was perhaps a longer pause between the first and second reports than between the second and third. At this time I glanced into my rear view mirror and could see a commotion in the President's car which I believe was about 100 feet behind our car at this time. At this time we could see that the Presidential car was speeding up and someone in the car said, "Let's get out of here." Then a solo motorcycle officer pulled up behind my car and I asked, "What has happened in the Presidential car - has someone been hit?" The officer said, "Yes." I told him to head for Parkland Hospital, which is the nearest hospital from that location.

I immediately went on the air and informed the dispatcher to notify Parkland Hospital to stand by for an emergency. I then broadcast orders to surround the building immediately, meaning the building from which the shots had been fired. We then proceeded out Stemmons Expressway to Industrial Boulevard, to Harry Hines Boulevard to the 5200 block, to the emergency entrance of Parkland Hospital. I alighted from the car and rushed in and told some of the attendants standing by to bring the stretchers out. I spent some time in the hospital then.

While I was at the hospital, I was told that Officer J. D. Tippit had been shot and killed about 1:15 p.m.

Friday, November 22, 1963. After leading the presidential cars to Parkland Hospital, I remained at the hospital for some time (perhaps 45 minutes or an hour). Someone from the Secret Service detail asked Inspector H. J. Putnam and me to have some cars standing by to take President Johnson to Love Field. In a few minutes the President and some Secret Service agents got into my car (I think there were three agents). I believe Mrs. Johnson and some other people got into Inspector Putnam's car.

I was requested to take the most direct route to Love Field where the presidential planes were parked. We proceeded to Love Field and the President, Mrs. Johnson, Secret Service agents and others, boarded the presidential plane. Sometime later, an ambulance and several other cars arrived. Mrs. Kennedy and others of the official party alighted from the vehicles. A casket was removed from the ambulance and placed on the plane.

A short time later I was informed that Judge Sarah Hughes was enroute to administer the oath of office to President Johnson. When she arrived, I escorted her aboard the plane and witnessed the President taking his oath of office. Then I escorted Judge Hughes back to her car, and saw Mayor Cabell and his wife and talked to them.

After the President's plane departed, I returned to City Hall about 3:45 or 4:00 p.m. I saw that many newsmen were in the basement and were crowded into the north corridor, third floor. Some officers were near the elevator screening people who were getting off the elevators to determine what business they had on the third floor. Two officers (uniformed) were stationed just outside the Homicide office.

I was told that the suspect in the slaying of Officer Tippit was a prime suspect in the assassination of President Kennedy.

I was in and out of the Homicide office several times during the remaining part of the day. About 7:00 p.m., Captain Fritz told me he was ready to file charges against Lee Harvey Oswald for the murder of Officer Tippit. Several times during the evening, I saw and talked to Mr. William Alexander and District Attorney Henry Wade.

The investigation continued and near midnight charges were accepted by, I think, Mr. Wade (I was not present), against Oswald for the murder of President Kennedy.

During the evening, the FBI had approached me several times and asked that Vince Drain, one of their agents, be permitted to take some of our physical evidence to their laboratory in Washington, D.C., to be examined. It was decided to release our physical evidence to Mr. Drain who was to fly with it to Washington, D. C., wait for the reports of the examination, then return it to us. The evidence was turned over to Drain about 12 midnight, Friday, November 22, 1963.

About 1:30 a.m., Justice of the Peace David Johnston arraigned Oswald in the Identification bureau. I was present for the arraignment, and went home a short time later.

Saturday, November 23, 1963: I arrived at the office about 8:30 or 9:00 a.m. During the day, I conferred with my staff and many other

persons. I do not remember all of them. I was asked many times by newsmen when Oswald would be transferred to the County Jail. I told them I did not know. I talked to Captain Fritz about the time of transfer and he told me he was still talking to Oswald. I asked him if he thought he would be ready to transfer the prisoner by 4:00 p.m., and he said he did not think so. I asked him about 10:00 a.m., Sunday, November 23, and he said, "I think so." On Saturday evening, I don't recall the hour but I think it was about 7:00 p.m., several newsmen asked me again if we were going to transfer Oswald that night. I replied, "No" and someone asked if we would transfer him on Sunday and when they should come back to the City Hall. I told them if they were here by 10:00 a.m., they would be in time. I went home on Saturday evening about 10:00 or 11:00 o'clock, as I recall.

Sunday, November 24, 1963. I arrived at the City Hall about 9:00 a.m., and as I approached the jail office I saw Lieutenant Wiggins. I asked him to have parking stalls #1 and #2 vacated as we wanted to put the news media there. These parking stalls are directly in line with the corridor leading from the basement parking area into the City Hall basement. There was a large TV camera in the corridor and I told the operator that it should be moved across the ramp drive into the parking stalls. At this time, Assistant Chief Batchelor and Deputy Chief Stevenson came up to me and we briefly discussed our security plans for moving Oswald. I told them all the news media would be across the ramp in the parking area and no one else, except police, would be admitted. I then went up to my office on the third floor.

A short time later, I called Sheriff Decker and informed him that we were ready to turn Oswald over to him and he said, "We are ready, bring him on." I replied, "I thought you were coming after him" and he replied, "Either way is okay with me." I told him that we would bring Oswald to the County Jail and would call him just before we left the City Hall.

I told Assistant Chief Batchelor and Deputy Chief Stevenson that we would transfer Oswald to the County Jail. Since threats had been made against Oswald's life, we decided to try to obtain an armored car for the transfer. Assistant Chief Batchelor got in touch with Mr. Harold J. Fleming of the Armored Motor Service. He agreed to get in touch with his drivers and send us two trucks. We could use either of them. He said he would call us when they were ready to leave their office. Shortly after this, Assistant Chief Batchelor and Deputy Chief Stevenson told me they were going down to "check the basement."

I went to Captain Fritz' office and found him interrogating Oswald. Present were representatives of the FBI and Secret Service, as well as two or three of our own detectives. I returned to my office and at

about 10:45 a.m., Assistant Chief Batchelor told me the armored cars were on their way. I asked him if everything was okay in the basement and he said that it was. He said the spectators on Commerce Street had been moved across the street and the news media were "in their place." He left for the basement to line up the vehicles for the transfer.

I called Sheriff Decker again and told him we planned to transfer Oswald in an armored car and told him our route of travel. I informed him we planned to drive the truck into his security area at the rear of his jail. He agreed and said they would be ready.

I then went to Captain Fritz' office and listened to the interrogation of Oswald for a few minutes. When I had an opportunity, I asked Captain Fritz if he was about ready to transfer Oswald. He replied that he was and I told him our plans. He told me he didn't like the idea of the armored car because it would be too difficult to maneuver in case a crowd of people attempted to stop the motorcade. He suggested the transfer be made in a regular detective car with other detective cars leading and following. I agreed that we would do it that way but would still use the armored car as a decoy with an escort of police vehicles. We then agreed Oswald would be rushed into a detective car. The armored car would proceed over the planned route but the vehicle bearing Oswald and the other cars of guards would cut out of the motorcade at Main Street and proceed quickly down Main Street to Houston and into the County Jail.

Deputy Chief Stevenson heard our change of plans and instructed Lieutenant Pierce to go to the basement, get a car and two men, and position the car to lead the armored car. I told Captain Fritz I would go on downstairs, and as I was walking down the third floor corridor, some-  
one, I can not recall who it was, told me that Mayor Cabell wanted to  
talk to me on the phone. I went to the phone to talk to the Mayor and  
was talking to him when Oswald was shot. In a few minutes I was told  
that a man named Jack Ruby had shot Oswald and that the wound was  
serious.

Mrs EARLINE ROBERTS, 1026 Beckley, Dallas, Texas advised she could not furnish the exact time that Oswald returned to his room at 1026 Beckley after the assassination of the President but said a rough guess would be 1 pm. Mrs ROBERTS received a telephone call from a friend telling her the President had just been shot, and Mrs ROBERTS turned on the television and recalled the announcer saying President KENNEDY had just been shot and was at Parkland Hospital. Mrs ROBERTS advised after OSWALD returned and entered his room at about 1 pm on November 22, 1963 she looked out the front window and saw Police Car No. 207 with two uniformed policemen in the car which slowed up and stopped in front of the residence at 1026 Beckley, and one of the officers blew the horn on the car and then slowly drove on Beckley toward Zang Boulevard. Mrs ROBERTS said the reason she recalled the number of the car was because she had worked for two policemen who drove Car 170, and she looked to see if these officers were the two officers she knew parked in front of the residence.

Interview with Mr. Sam Pate, KBOX Radio.

Present Chief Batchelor.

Deputy Chief Stevenson.

Friday night, November 22, Mr. Pate observed Ruby in the Assembly Room, basement of the City Hall. He was about 4 or 5 rows of seats back from the platform on which a desk is located. Ruby was standing on a chair, table or something and was well above the majority of others present. Mr. Pate was sitting on the front edge of the platform facing the back of the room. When Ruby stood up, he saw no press badge on him. Ruby held in his hand a small (looked like spiral) notebook - or it was about that size. He looked directly toward the platform on which Mr. Wade and others were standing, held up the small notebook which was open. Mr. Pate stated there appeared to be some writing (in pencil) on the notebook.

Mr. Pate stated that he remarked to Jerry Kunkle, also of KBOX, who was with him at the time, "There's Jack Ruby. How did he get in here?" Mr. Pate stated he knew Ruby well. After they left the Assembly Room, but still in the basement, Mr. Pate introduced Jack Ruby to Jerry Kunkle. Ruby had a handful of passes to the Carousel Club. He offered each of them a pass. Kunkle accepted a pass - Mr. Pate did not accept the pass.

Mr. Pate stated that he believes Ruby wrote down Mr. Kunkle's name on the back of one of the Club Passes which he held in his hand.

Mr. Pate stated that he did not see Ruby after this as he was not at the City Hall on Saturday or Sunday.

"I was on duty in the Dispatcher's Office and had walked into the hall of the third floor at the time of the shooting. Someone shouted to secure the building and I ran down the steps to the first floor. There I saw the subject William Gaffney run towards the Harwood Street exit. Sergeant Putnam, Officer H. T. Davis #1237 and myself apprehended the subject on the steps of the City Hall. He was taken to the Homicide Bureau and interrogated by Detective T. L. Baker. It was determined this subject was apparently sight-seeing on the first floor. He was later released.

This person works for Cockrell and Winniford, 2712 Live Oak, Telephone TA4-6741 - Home Phone, GA4-3419."

Subject: Interview with Ron Jenkins, KBOX

At approximately 11 AM, Chief Batchelor and Chief Stevenson interviewed Mr. Ron Jenkins of Radio Station KBOX regarding some information he had given Art Hammett regarding Jack Ruby being in the Police & Courts Building. Art Hammett was also present.

Mr. Jenkins stated he saw Jack Ruby on the Third Floor Friday night. That he was in about 5 or 6 feet of him.

He stated Sunday afternoon he heard a KLIF broadcast of a tape cut in conversation with Ruby's sister. She stated on the broadcast she believed Jack had a press pass or card.

Mr. Jenkins states he observed a man wearing a press badge bearing name of Jim Magnum, Associated Press. The man wearing the badge was not Magnum. He remarked to the man 'Jim Magnum' the man replied, "No, I just found it and put it on." He did know this man, however it was not Jack Ruby. He also states he found a press badge on the floor which belonged to a CBS reporter. He knew the man personally and returned it to him. He had lost it from his jacket.

He stated that Jack Ruby is quite an avid radio fan. That he is always offering members of the Radio Stations and press passes to his night clubs.

Mr. Jenkins stated that he had difficulty gaining admission Sunday morning to the City Hall. He was checked at Commerce Street entrance to the City Hall. He was checked at the top of the stairs leading from the first floor to the basement and was checked at the foot of the stairs in the basement by a plainclothes man.

Subject: Crime Scene Search Investigation of  
the Shooting of President John F.  
Kennedy on Offense #86056

Sir:

At 1:12 p.m., November 22, 1963, Lieutenant J. C. Day, #391 and Detective R. L. Studebaker, #966 arrived at 411 Elm Street in response to a call from the Police Dispatcher. Detectives J. B. Hicks, #441 and H. R. Williams, #757 arrived about 3:00 p.m. to assist in the investigation of the shooting of President John F. Kennedy on Offense #86056.

Lieutenant Day and Detective Studebaker on arrival were directed to the sixth floor of the Texas School Book Depository Building. Three spent rifle shells had been found in the southeast corner of the building.

Photographs were taken of the three hulls as found. They were checked for prints, marked for identification and released to Detective R. M. Sims, #629 of the Homicide Bureau. The hulls were 6.5 caliber and no legible prints were found.

About 1:25 p.m., Captain J. W. Fritz, #9 directed Lieutenant Day to the northwest portion of the sixth floor where a rifle had been found between some cartons near the stairs. Photographs were taken of the rifle as found, then it was picked up by Lieutenant Day in such a way as to destroy no fingerprints that might be present. With Lieutenant Day holding the gun, Captain Fritz opened the bolt and a live shell fell from the barrel. This shell was in position to fire should the trigger be pulled. The live shell was checked for prints, marked for identification and released to Captain Fritz. No fingerprints were found.

The rifle, a 6.5 caliber, made in Italy in 1940, Serial #02766, was taken by Lieutenant Day to the Identification Bureau about 2:00 p.m. and locked in an evidence box until further checking could be done. Agent Odum, Dallas office of the Federal Bureau of Investigation, drove Lieutenant Day to the City Hall. The rifle had no manufacturer's name and had a telescope sight mounted on it which was marked as follows: 4 x 16 coated Ordinance Optics, Inc., Hollywood, California. There was a small cloverleaf design with "OSC" stamped inside the cloverleaf.

Lieutenant Day returned to 411 Elm Street about 2:45 p.m. and continued the investigation with other Crime Scene Search officers.

Crime Scene Search Investigation of  
the Shooting of President John F.  
Kennedy on Offense #F86056  
Page 2  
January 8, 1964

About fifty (50) photographs were made of the area involved in the shooting and a scale drawing was made of the sixth floor by Detectives J. B. Hicks and R. L. Studebaker.

The cartons in the area where the rifle was found, and also the cartons near the window where the spent hulls were found, were dusted for prints. A palm print was found on the top northwest corner of a carton that appeared to have been used by the assassin to sit on while aiming the rifle. This palm print was collected and preserved, along with the carton it came off, and three cartons stacked by the window apparently to rest the rifle on. The palm print lifted off the carton Oswald apparently sat on by the sixth floor window was positively identified before being released to the Federal Bureau of Investigation as the right palm of Lee Harvey Oswald.

Lieutenant Day returned to the Identification Bureau about 7:00 p.m. and started checking the rifle for prints. Two fingerprints were found on the side of the rifle near the trigger and magazine housing and a palm print was found on the underside of the gun barrel near the end of the stock. It appeared probable these prints were from the right palm and fingers of Lee Harvey Oswald, but the rifle was released to the Federal Bureau of Investigation to be sent to Washington, D. C. before the examination was completed and positive identification of the prints could be made. The prints were not very good for comparison purposes.

Paraffin casts were made of Oswald's hands and the right side of his face about 9:00 p.m., November 22, 1963, in the Homicide Bureau office by Sergeant W. E. Barnes, #598 and Detective J. B. Hicks. These casts were sent to DCCIL November 23, 1963 for nitrate tests.

All other evidence collected by the Crime Scene Search was released at 11:45 p.m., November 22, 1963 to Agent Vince Drain to be delivered to the Federal Bureau of Identification headquarters at Washington, D. C.

Mr. Connally sustained a gunshot wound with the point of entry located in the posterior of the right shoulder, ranging downward thru the chest, exiting on the right chest just below right nipple. The bullet continued, striking the right wrist, palmside, exiting 2 inches from the wrist joint. A fragment continued, entered the anterior portion of the left thigh causing a flesh wound. Dr. Robert Shaw, chief of the Thoracic Surgery, Parkland Hospital, states that Mr. Connally's condition is favorable for recovery.

Sir:

Information was received that Officer Velt O'Dell had driven a car out the Main Street entrance shortly before Lieutenant Pierce emerged from this entrance. O'Dell was interrogated concerning this and he stated that he was not at the City Hall, but was summoned to the City Hall after Oswald was shot, and he drove a Squad Car into the Basement at that time, and when he left the City Hall he exited at the Commerce St. ramp.

I have been in the Service Division seven and one-half years. I have worked the fifth floor jail most of this time. I was on duty the 22nd and 23rd day of November, 1963, working 2:30 p.m. till 10:30 p.m. The 23rd day of November, 1963, at 3:00 p.m., I was assigned to guard the area in front of Lee Harvey Oswald's cell, watching all of his movements to see that he didn't hurt himself. About 4:00 p.m. Lt. Lord called on the jail phone and instructed me to put Oswald on the phone. Oswald asked the operator for two telephone numbers - then asked me for a pencil and paper while in the telephone booth. I tore a small piece of plain paper, about two by three inches from the telephone record sheet that hung outside the telephone booth; then handed this piece of paper and my pencil to him. Oswald wrote a number on this paper and returned my pencil. Then he asked if he could call later. Oswald did not get his call through at this time. I called Lt. Lord and informed him Oswald didn't get his party and wanted to call again later. About 8:00 p.m. Lt. Lord came up to the jail and told me to let Oswald use the phone. I was instructed to step back away from the phone booth so the phone call could be private. From this location I watched the prisoner talking to someone. He used the phone about thirty minutes. I asked Oswald if he got his call through and he answered, yes. I then returned him to his cell.

About four months ago on a Monday, I received a call from an F.B.I. agent who wanted to know about a slip of paper with a phone number on it. This was supposed to be in Oswald's pocket when he died. The agent asked if we allowed prisoners to keep phone numbers on their person. I said that if a call wasn't completed the first time, we could let them write the number down and keep it for a later call. The agent asked me the size of the paper I might have given Oswald to write on. I told him it probably was one torn off of a telephone record sheet hanging outside the telephone booth; that the paper was plain, unmarked, about two by

Beddingfield, to make a long distance call to New York City, collect. The Homicide office had advised that it was all right for him to make any call he wished to make. I notified the City Hall operator that a prisoner wanted to call New York City, collect. I heard Oswald talking to someone after the call was placed. I have looked at a copy of the jail card used to record prisoner's phone calls. It shows that I placed Oswald on the telephone at 1:40 p.m., and the signature as shown on the card is my signature.

Mr. J. E. Curry  
Chief of Police

Subject: Crime Scene Search Investigation of  
the Shooting of President John F.  
Kennedy on Offense #F86056

Sir:

At 1:12 p.m., November 22, 1963, Lieutenant J. C. Day, #391 and Detective R. L. Studebaker, #966 arrived at 411 Elm Street in response to a call from the Police Dispatcher. Detectives J. B. Hicks, #441 and H. R. Williams, #757 arrived about 3:00 p.m. to assist in the investigation of the shooting of President John F. Kennedy on Offense #F86056.

Lieutenant Day and Detective Studebaker on arrival were directed to the sixth floor of the Texas School Book Depository Building. Three spent rifle shells had been found in the southeast corner of the building.

Photographs were taken of the three hulls as found. They were checked for prints, marked for identification and released to Detective R. M. Sims, #629 of the Homicide Bureau. The hulls were 6.5 caliber and no legible prints were found.

About 1:25 p.m., Captain J. W. Fritz, #9 directed Lieutenant Day to the northwest portion of the sixth floor where a rifle had been found between some cartons near the stairs. Photographs were taken of the rifle as found, then it was picked up by Lieutenant Day in such a way as to destroy no fingerprints that might be present. With Lieutenant Day holding the gun, Captain Fritz opened the bolt and a live shell fell from the barrel. This shell was in position to fire should the trigger be pulled. The live shell was checked for prints, marked for identification and released to Captain Fritz. No fingerprints were found.

The rifle, a 6.5 caliber, made in Italy in 1940, Serial #C2766, was taken by Lieutenant Day to the Identification Bureau about 2:00 p.m. and locked in an evidence box until further checking could be done. Agent Odum, Dallas office of the Federal Bureau of Investigation, drove Lieutenant Day to the City Hall. The rifle had no manufacturer's name and had a telescope sight mounted on it which was marked as follows: 4 x 18 coated Ordinance Optics, Inc., Hollywood, California. There was a small cloverleaf design with "OSC" stamped inside the cloverleaf.

Lieutenant Day returned to 411 Elm Street about 2:45 p.m. and continued the investigation with other Crime Scene Search officers.

Crime Scene Search Investigation of  
the Shooting of President John F.  
Kennedy on Offense #F86056  
Page 2  
January 8, 1964

About fifty (50) photographs were made of the area involved in the shooting and a scale drawing was made of the sixth floor by Detectives J. B. Hicks and R. L. Studebaker.

The cartons in the area where the rifle was found, and also the cartons near the window where the spent hulls were found, were dusted for prints. A palm print was found on the top northwest corner of a carton that appeared to have been used by the assassin to sit on while aiming the rifle. This palm print was collected and preserved, along with the carton it came off, and three cartons stacked by the window apparently to rest the rifle on. The palm print lifted off the carton Oswald apparently sat on by the sixth floor window was positively identified before being released to the Federal Bureau of Investigation as the right palm of Lee Harvey Oswald.

*"finger-  
prints"  
on rifle.*

Lieutenant Day returned to the Identification Bureau about 7:00 p.m. and started checking the rifle for prints. Two fingerprints were found on the side of the rifle near the trigger and magazine housing and a palm print was found on the underside of the gun barrel near the end of the stock. It appeared probable these prints were from the right palm and fingers of Lee Harvey Oswald, but the rifle was released to the Federal Bureau of Investigation to be sent to Washington, D. C. before the examination was completed and positive identification of the prints could be made. The prints were not very good for comparison purposes.

Paraffin casts were made of Oswald's hands and the right side of his face about 9:00 p.m., November 22, 1963, in the Homicide Bureau office by Sergeant W. E. Barnes, #598 and Detective J. B. Hicks. These casts were sent to DCCGIL November 23, 1963 for nitrate tests.

All other evidence collected by the Crime Scene Search was released at 11:45 p.m., November 22, 1963 to Agent Vince Drain to be delivered to the Federal Bureau of Identification headquarters at Washington, D. C.

Respectfully submitted,

J. C. Day, #391

See AAF, page 278: The discovery of the jacket becomes even more suspicious in the light of the fact that J.T. Griffin and T.A. Hutson were in the same detail from 7 a.m. on 11/22/63. How could Hutson fail to identify Griffin—if not by name, then at least as one of his partners on the No Parking Sign Detail???

hu

See AAF, "The Palmprint on the Rifle." Again, Day admits he started checking for prints at 7 p.m. but was unable to complete the examination by 11:45 p.m.!

h

Is there such a thing as a "pattern...typical of the patterns produced in firing a revolver"? The New Orleans police lab should be able to clarify this. If there is no such thing, this report would have to be examined in the light of other efforts made by the Dallas Police to incriminate Oswald.

Note also, at end of page, statement that specimen was "discarded." Yet the Warren Report says that the paraffin casts were subjected to neutron activation analysis. Also, "sketches of nitrate patterns" are not in the Exhibits.

BEFORE ME, \_\_\_\_\_ FRANCES BOCK

a Notary Public in and for said County, State of Texas, on this day personally appeared: Thurber T. Lord

Who, after being by me duly sworn, on oath deposes and says: May name is Thurber T. Lord. I entered the Dallas Police Department on November 11, 1942. I was promoted to the rank of Lieutenant of Police and assigned to the Service Division as Jail Lieutenant on March 29, 1960. I was on duty in this capacity on November 22, and 23, 1963, working 2:30 p.m. to 10:30 p.m. About 4:00 p.m. on November 23, 1963, Detective M. C. Hall of Homicide and Robbery Bureau called me and stated that Lee Harvey Oswald had requested permission to use the telephone and told me it would be o.k. I called J. L. Popplewell who was on duty on the fifth floor and told him to put Oswald on the phone. Popplewell called back within twenty or thirty minutes and said that Oswald had not been able to complete his call. He said Oswald told him that his party would not be in until later in the evening. I relayed this information to Detective Hall, who asked that Oswald be allowed to use the phone again at that time. I went to the fifth floor about 8:00 o'clock and told Popplewell to let Oswald use the phone again if he wanted to use it. Popplewell put Oswald in the telephone booth and was standing near by. I called to Popplewell and told him that Oswald was entitled to make his call privately. Popplewell was advised to keep Oswald in view but to stay back a reasonable distance. Oswald was in the telephone booth about thirty minutes, making his call and then talking to his party. After Oswald completed his call he was returned to his cell by J. L. Popplewell.

City Manager  
City of Dallas

Sir:

On Friday, November 22, 1963, I was driving the lead car of the Presidential Motorcade. In the car with me were Secret Service Agents Forrest Sorrells and Lyn Lawson, and Sheriff Bill Decker. We had led the motorcade from Love Field on the prescribed route. We turned right on Main Street from Harwood Street. We continued on Main Street west to Houston, where we turned right to proceed to Elm Street. We made the left turn (west) and were proceeding at a speed of approximately 8 to 10 miles per hour. The time was about 12:30 p.m. We proceeded toward the Triple Underpass which is about one block from Houston Street. As I recall, we were about half-way between Houston and the triple underpass when I heard a sharp crack. Someone said, "Is that a firecracker?" After this remark, I remember hearing two other sharp reports. All of these reports were fired fairly close together. There was perhaps a longer pause between the first and second reports than between the second and third. At this time I glanced into my rear view mirror and could see a commotion in the President's car which I believe was about 100 feet behind our car at this time. At this time we could see that the Presidential car was speeding up and someone in the car said, "Let's get out of here." Then a solo motorcycle officer pulled up behind my car and I asked, "What has happened in the Presidential car - has someone been hit?" The officer said, "Yes." I told him to head for Parkland Hospital, which is the nearest hospital from that location.

*Conflict  
with  
radio  
log*

I immediately went on the air and informed the dispatcher to notify Parkland Hospital to stand by for an emergency. I then broadcast orders to surround the building immediately, meaning the building from which the shots had been fired. We then proceeded out Stemmons Expressway to Industrial Boulevard, to Harry Hines Boulevard to the 5200 block, to the emergency entrance of Parkland Hospital. I alighted from the car and rushed in and told some of the attendants standing by to bring the stretchers out. I spent some time in the hospital then.

While I was at the hospital, I was told that Officer J. D. Tippit had been shot and killed about 1:15 p.m.

Friday, November 22, 1963. After leading the presidential cars to Parkland Hospital, I remained at the hospital for some time (perhaps 45 minutes or an hour). Someone from the Secret Service detail asked Inspector H. J. Putnam and me to have some cars standing by to take President Johnson to Love Field. In a few minutes the President and some Secret Service agents got into my car (I think there were three agents). I believe Mrs. Johnson and some other people got into Inspector Putnam's car.

*(Remains of letter  
is at rear of file)*

I was requested to take the most direct route to Love Field where the presidential planes were parked. We proceeded to Love Field and the President, Mrs. Johnson, Secret Service agents and others, boarded the presidential plane. Sometime later, an ambulance and several other cars arrived. Mrs. Kennedy and others of the official party alighted from the vehicles. A casket was removed from the ambulance and placed on the plane.

A short time later I was informed that Judge Sarah Hughes was enroute to administer the oath of office to President Johnson. When she arrived, I escorted her aboard the plane and witnessed the President taking his oath of office. Then I escorted Judge Hughes back to her car, and saw Mayor Cabell and his wife and talked to them.

After the President's plane departed, I returned to City Hall about 3:45 or 4:00 p.m. I saw that many newsmen were in the basement and were crowded into the north corridor, third floor. Some officers were near the elevator screening people who were getting off the elevators to determine what business they had on the third floor. Two officers (uniformed) were stationed just outside the Homicide office.

I was told that the suspect in the slaying of Officer Tippit was a prime suspect in the assassination of President Kennedy.

I was in and out of the Homicide office several times during the remaining part of the day. About 7:00 p.m., Captain Fritz told me he was ready to file charges against Lee Harvey Oswald for the murder of Officer Tippit. Several times during the evening, I saw and talked to Mr. William Alexander and District Attorney Henry Wade.

The investigation continued and near midnight charges were accepted by, I think, Mr. Wade (I was not present), against Oswald for the murder of President Kennedy.

During the evening, the FBI had approached me several times and asked that Vince Drain, one of their agents, be permitted to take all of our physical evidence to their laboratory in Washington, D.C., to be examined. It was decided to release our physical evidence to Mr. Drain who was to fly with it to Washington, D. C., wait for the reports of the examination, then return it to us. The evidence was turned over to Drain about 12 midnight, Friday, November 22, 1963.

About 1:30 a.m., Justice of the Peace David Johnston arraigned Oswald in the Identification bureau. I was present for the arraignment, and went home a short time later.

Saturday, November 23, 1963: I arrived at the office about 8:30 or 9:00 a.m. During the day, I conferred with my staff and many other

persons. I do not remember all of them. I was asked many times by newsmen when Oswald would be transferred to the County Jail. I told them I did not know. I talked to Captain Fritz about the time of transfer and he told me he was still talking to Oswald. I asked him if he thought he would be ready to transfer the prisoner by 4:00 p.m., and he said he did not think so. I asked him about 10:00 a.m., Sunday, November 23, and he said, "I think so." On Saturday evening, I don't recall the hour but I think it was about 7:00 p.m., several newsmen asked me again if we were going to transfer Oswald that night. I replied, "No" and someone asked if we would transfer him on Sunday and when they should come back to the City Hall. I told them if they were here by 10:00 a.m., they would be in time. I went home on Saturday evening about 10:00 or 11:00 o'clock, as I recall.

Sunday, November 24, 1963. I arrived at the City Hall about 9:00 a.m., and as I approached the jail office I saw Lieutenant Wiggins. I asked him to have parking stalls #1 and #2 vacated as we wanted to put the news media there. These parking stalls are directly in line with the corridor leading from the basement parking area into the City Hall basement. There was a large TV camera in the corridor and I told the operator that it should be moved across the ramp drive into the parking stalls. At this time, Assistant Chief Batchelor and Deputy Chief Stevenson came up to me and we briefly discussed our security plans for moving Oswald. I told them all the news media would be across the ramp in the parking area and no one else, except police, would be admitted. I then went up to my office on the third floor.

A short time later, I called Sheriff Decker and informed him that we were ready to turn Oswald over to him and he said, "We are ready, bring him on." I replied, "I thought you were coming after him" and he replied, "Either way is okay with me." I told him that we would bring Oswald to the County Jail and would call him just before we left the City Hall.

I told Assistant Chief Batchelor and Deputy Chief Stevenson that we would transfer Oswald to the County Jail. Since threats had been made against Oswald's life, we decided to try to obtain an armored car for the transfer. Assistant Chief Batchelor got in touch with Mr. Harold J. Fleming of the Armored Motor Service. He agreed to get in touch with his drivers and send us two trucks. We could use either of them. He said he would call us when they were ready to leave their office. Shortly after this, Assistant Chief Batchelor and Deputy Chief Stevenson told me they were going down to "check the basement."

I went to Captain Fritz' office and found him interrogating Oswald. Present were representatives of the FBI and Secret Service, as well as two or three of our own detectives. I returned to my office and at

about 10:45 a.m., Assistant Chief Batchelor told me the armored cars were on their way. I asked him if everything was okay in the basement and he said that it was. He said the spectators on Commerce Street had been moved across the street and the news media were "in their place." He left for the basement to line up the vehicles for the transfer.

I called Sheriff Decker again and told him we planned to transfer Oswald in an armored car and told him our route of travel. I informed him we planned to drive the truck into his security area at the rear of his jail. He agreed and said they would be ready.

I then went to Captain Fritz' office and listened to the interrogation of Oswald for a few minutes. When I had an opportunity, I asked Captain Fritz if he was about ready to transfer Oswald. He replied that he was and I told him our plans. He told me he didn't like the idea of the armored car because it would be too difficult to maneuver in case a crowd of people attempted to stop the motorcade. He suggested the transfer be made in a regular detective car with other detective cars leading and following. I agreed that we would do it that way but would still use the armored car as a decoy with an escort of police vehicles. We then agreed Oswald would be rushed into a detective car. The armored car would proceed over the planned route but the vehicle bearing Oswald and the other cars of guards would cut out of the motorcade at Main Street and proceed quickly down Main Street to Houston and into the County Jail.

Deputy Chief Stevenson heard our change of plans and instructed Lieutenant Pierce to go to the basement, get a car and two men, and position the car to lead the armored car. I told Captain Fritz I would go on downstairs, and as I was walking down the third floor corridor, someone, I can not recall who it was, told me that Mayor Cabell wanted to talk to me on the phone. I went to the phone to talk to the Mayor and was talking to him when Oswald was shot. In a few minutes I was told that a man named Jack Ruby had shot Oswald and that the wound was serious.

Sir:

We received information that the above subject was arrested running from the City Hall after the shooting of Lee Harvey Oswald.

I contacted Sergeant J. F. Everett December 13, 1963. Sergeant Everett stated as follows:

"I was on duty in the Dispatcher's Office and had walked into the hall of the third floor at the time of the shooting. Someone shouted to secure the building and I ran down the steps to the first floor. There I saw the subject William Goffney run towards the Harwood Street exit. Sergeant Putnam, Officer R. T. Davis #1887 and myself apprehended the subject on the steps of the City Hall. He was taken to the Homicide Bureau and interrogated by Detective T. L. Baker. It was determined this subject was apparently sightseeing on the first floor. He was later released.

This person works for Cokerall and Winniford, 2712 Live Oak, Telephone TA4-6741 - Home Phone, CA4-3419."

This investigation of William Goffney has not been carried any farther at this time.

INTERVIEW WITH WES WISE KRLD-TV NEWSMAN

I interviewed Wes Wise at 7:30 p.m. on November 29, 1963, at 1107 Camp, the KRLD-TV Newsroom.

Wes Wise said that about 3:00 p.m. Saturday, November 23, 1963, he was trying to retrace Lee Oswald's steps of the day before, as far as they could. He had parked his mobile unit on Houston Street across from the Texas Depository Book Building. His unit was parked headed diagonally in a southeasterly direction. Wise stated that he returned to his unit and as he was using his radio to communicate with his office, he saw someone walking to the unit from the direction of the railroad tracks which were located north of him.

Mr. Wise stated he rolled the window up as the figure neared his unit but the person remained outside until he completed his message. Wise said he then rolled the window down and the man stuck his hand in the window and said "I'm Jack Ruby". Wise then recognized him. Jack Ruby then said "All this was a shame and particularly for the President's children". Wise said he then told Ruby about going out to the Trade Mart and taking pictures of the box of saddles that had been a present to be given to the President for his children. He said that upon hearing this, Ruby's eyes misted over. He did not start crying, however.

Mr. Wise said that on Friday night, November 23, 1963, about 11:00 p.m. or later he heard a broadcast over KLIF that gave what the announcer thought was some exclusive lead or material. It concerned Mr. Henry Wade, the District Attorney, and gave Jack Ruby the credit for the lead.

Mr. Wise asked Ruby about this Saturday afternoon and Ruby said "yes, he had given that to them and would have done the same thing for him if he had been there". Wes thought the announcer's name might have been Russ Knight. He was not sure about this and does not know a "Russ Knight".

Mr. Wise also said that the only time he was in the City Hall was from 1½ to 2 hours or more before the shooting, when he drove through the basement of the City Hall and let some cameraman off. He did not see any officers at the Main Street entrance at this time. He did not see Jack Ruby at all and there were very few people in the basement.

Mr. Wise promised to let me know if he remembered anything further.

Information was received that Officer Velt O'Dell had driven a car out the Main Street entrance shortly before Lieutenant Pierce emerged from this entrance. O'Dell was interrogated concerning this and he stated that he was not at the City Hall, but was summoned to the City Hall after Oswald was shot, and he drove a Squad Car into the Basement at that time, and when he left the City Hall he exited at the Commerce St. ramp.

Interview with Mr. Sam Pate, KBOX Radio.

Present Chief Batchelor.

Deputy Chief Stevenson.

Friday night, November 22, Mr. Pate observed Ruby in the Assembly Room, basement of the City Hall. He was about 4 or 5 rows of seats back from the platform on which a desk is located. Ruby was standing on a chair, table or something and was well above the majority of others present. Mr. Pate was sitting on the front edge of the platform facing the back of the room. When Ruby stood up, he saw no press badge on him. Ruby held in his hand a small (looked like spiral) notebook - or it was about that size. He looked directly toward the platform on which Mr. Wade and others were standing, held up the small notebook which was open. Mr. Pate stated there appeared to be some writing (in pencil) on the notebook.

Mr. Pate stated that he remarked to Jerry Kunkle, also of KBOX, who was with him at the time, "There's Jack Ruby. How did he get in here?" Mr. Pate stated he knew Ruby well. After they left the Assembly Room, but still in the basement, Mr. Pate introduced Jack Ruby to Jerry Kunkle. Ruby had a handful of passes to the Carousel Club. He offered each of them a pass. Kunkle accepted a pass - Mr. Pate did not accept the pass.

Mr. Pate stated that he believes Ruby wrote down Mr. Kunkle's name on the back of one of the Club Passes which he held in his hand.

Mr. Pate stated that he did not see Ruby after this as he was not at the City Hall on Saturday or Sunday.

November 27, 1963.

Subject: Interview with Ron Jenkins, KBOX

At approximately 11 AM, Chief Batchelor and Chief Stevenson interviewed Mr. Ron Jenkins of Radio Station KBOX regarding some information he had given Art Hammett regarding Jack Ruby being in the Police & Courts Building. Art Hammett was also present.

Mr. Jenkins stated he saw Jack Ruby on the Third Floor Friday night. That he was in about 5 or 6 feet of him.

He stated Sunday afternoon he heard a KLIF broadcast of a tape cut in conversation with Ruby's sister. She stated on the broadcast she believed Jack had a press pass or card.

Mr. Jenkins states he observed a man wearing a press badge bearing name of Jim Magnum, Associated Press. The man wearing the badge was not Magnum. He remarked to the man 'Jim Magnum' the man replied, "No, I just found it and put it on." He did know this man, however it was not Jack Ruby. He also states he found a press badge on the floor which belonged to a CBS reporter. He knew the man personally and returned it to him. He had lost it from his jacket.

He stated that Jack Ruby is quite an avid radio fan. That he is always offering members of the Radio Stations and press passes to his night clubs.

Mr. Jenkins stated that he had difficulty gaining admission Sunday morning to the City Hall. He was checked at Commerce Street entrance to the City Hall. He was checked at the top of the stairs leading from the first floor to the basement and was checked at the foot of the stairs in the basement by a plainclothes man.

Re: Jack Ruby

Sir:

On Friday night, November 22, 1963 at around 11:50 pm, I was going off duty in the Burglary and Theft Bureau. I left the third floor and went to the basement of the Police Building with Lt. George Butler who was going to drive me to where my car was parked. He told me that he wanted to listen to a press conference in the Police Assembly Room which was being held for the purpose of the press interviewing District Attorney Henry Wade and giving them an opportunity to photograph Lee Harvey Oswald, suspected assassin of President Kennedy and Officer J. D. Tippitt.

As we entered the police assembly room, it was entirely filled from back to front with press people and police officers and officials. I estimate that there were about 300 people in this room, many of them standing on the desks and chairs. Deputy Chief Charles Batchelor was at the front of the room near Mr. Wade. He saw me at the door of the room and motioned for me to come over to him. He then instructed me to stand in a line of officers at the front of the room to keep the press or anyone from rushing Oswald when he was brought into this room. I was standing at the right end of the line, next to Captain Glenn King who was on my left. This was immediately prior to Oswald being brought into this room. I did observe Jack Ruby at this time, standing on a desk next to the east wall and about 25 feet from the front of the room. He had a notebook and pen in his hand as if to take notes. At this time someone near the door shouted to him about what he was doing in this room. He shouted back that he had "brought the sandwiches." He then shouted "I'm interpreting for a Jewish newspaper." At this time, Oswald was brought into the room and Ruby was forgotten.

After Oswald was taken from this room, Mr. Wade conducted his interview. He had trouble being heard due to the noise and clamor in this room, so I turned on the loud speaker system for him. Being unable to leave Mr. Wade's platform, I remained at his right side until he finished his interview. I then left the building with Lt. Butler. I have known Jack Ruby since about 1952 and did not know that he had a police record.

ASSASSINATION OF PRESIDENT JOHN F. KENNEDY  
DALLAS, TEXAS 11/22/63

SUGGESTED LEAD

Dallas PD ascertain identity of officers in Squad Car 207 as approximately 1 pm, November 22, 1963 in front of 1026 Beckley, and if possible the reason for their cruising and stopping in front of this residence.

11/29/63

1

Mrs EARLINE ROBERTS, 1026 Beckley, Dallas, Texas advised she could not furnish the exact time that Oswald returned to his room at 1026 Beckley after the assassination of the President but said a rough guess would be 1 pm. Mrs ROBERTS received a telephone call from a friend telling her the President had just been shot, and Mrs ROBERTS turned on the television and recalled the announcer saying President KENNEDY had just been shot and was at Parkland Hospital. Mrs ROBERTS advised after OSWALD returned and entered his room at about 1 pm on November 22, 1963 she looked out the front window and saw Police Car No. 207 with two uniformed policemen in the car which slowed up and stopped in front of the residence at 1026 Beckley, and one of the officers blew the horn on the car and then slowly drove on Beckley toward Zang Boulevard. Mrs ROBERTS said the reason she recalled the number of the car was because she had worked for two policemen who drove Car 170, and she looked to see if these officers were the two officers she knew parked in front of the residence.

INTERVIEW WITH MRS. AVERY DAVIS

Mrs. Davis lives at 902 Westmount. She is an employee at the Texas School Book Depository Building. She has worked for the Scott Foresman Co. for about five months. This is on the fourth floor of the Texas School Book Depository Building.

Mrs. Davis stated she came to work at 8:30 am on November 22, 1963. She stayed in her office on the fourth floor until about 12:00 noon or a little later. She went to the Elm Street entrance and watched the parade from the steps. She saw the motorcade pass her location. From her location she heard the three shots and thought they came from the railroad to the west. She was with Judy McCully. She then went back to work on the fourth floor. Mrs. Davis stated in a little while several officers came by and talked to her. She has never seen Oswald in the building. She works for a separate company and they use a separate company elevator and she does not come in contact with employees of the Texas School Book Depository. She does not know Jack Ruby. Mrs. Davis did look out the window of the fourth floor after she went back to work. She saw a group of officers on the sidewalk talking to some people. She states there was a man about the size of Ruby with them, but she was looking straight down and didn't see his face, so she thinks it was probably an officer.

This interview was on February 18, 1964.

STATEMENT OF MR. O. V. CAMPBELL

I talked with Mr. Campbell this date, February 17, 1964, at 6:00 pm.  
The following is a statement he gave me.

My name is O. V. Campbell, 7120 Twin Tree Lane, TM: 5527. I am the  
Vice-president of the Texas School Book Depository, 411 Elm Street.

On November 22 1963, I arrived at work between 8:30 and 9:00 am. My  
office is on the second floor, Room 200. I did my usual work until noon.  
I had forgotten about the parade. I started to lunch with Mr. Truly. When  
we got downstairs Mr. Truly asked if I wanted to wait and see the parade. We  
waited on the front steps until the parade turned off Main Street on to Houston  
Street. We then walked across Elm Street and stood on the curb near the  
parade as it turned from Houston Street down under the underpass. I heard  
the shots, it sounded like they came from the knoll near the railroad tracks.  
I thought it was fire crackers. A uniform officer came up and at the same  
time a construction worker with a helmet on came across the street and said  
he had seen a rifle barrel in the sixth floor window. I walked back in the  
building. Mr. Truly and the officer had already gone in and up the stairs.  
I waited until they came back down to see if they found anything. The em-  
ployees were standing around. When Mr. Truly came down he said one of the  
employees was missing, a man named Oswald. I did not know Oswald. I told  
Mr. Truly to tell the officers about him and what he looked like.

*Note  
Truly's  
note*

I went back to my office and an FBI agent came in and introduced himself.  
I don't remember his name. He asked that I have all the employees vacate  
the building. This I did, telling them to take the rest of the day off.
